

Soumyajit Sengupta

Software Engineer | Analyst

With over 2 years of experience in Frontend Web Development and UI/UX Design, I specialize in React JS, Redux, JavaScript, HTML5, CSS3, Tailwind, Figma, and other front-end technologies. I excel at creating responsive and user-friendly applications, combining a strong focus on design aesthetics with optimal performance. Passionate about continuous learning, I stay updated with the latest industry trends and technologies to deliver innovative solutions.

WORK EXPERIENCE

Software Engineer | Analyst Capgemini

07/2022 - 08/2024

Noida, India

Achievements/Tasks

- **Developed responsive web applications** using React JS, JavaScript, HTML5, and CSS3, ensuring optimal performance and cross-browser compatibility.
- **Created wireframes and prototypes in Figma**, translating design concepts into functional, efficient code to ensure seamless implementation and enhance user experience.
- **Implemented state management** using Redux in complex React applications, improving data flow and scalability.
- **Utilized Tailwind CSS and Bootstrap** to design modern, mobile-friendly user interfaces that enhanced user experience.
- **Integrated RESTful APIs** to dynamically fetch and display data, ensuring seamless communication between frontend and backend services.
- **Collaborated with cross-functional teams**, following Agile methodologies to deliver high-quality solutions in a timely manner.

Instructor

WhiteHat Jr

12/2021 - 07/2022

Achievements/Tasks

- Specialized on teaching web development basics, guiding students through HTML, CSS, JavaScript and React Js
- Created lesson plans, delivered interactive classes, and supported students in building their first web projects.
- Guided students in building responsive web applications using React's library, ensuring they achieved seamless performance and adaptability across various devices and screen sizes.

EDUCATION

B.C.A.

Dinabandhu Andrews Institute of Technology & Management

2019 - 2022

Kolkata, India

Courses

- Graduated with a BCA degree from Dinabandhu Andrews Institute of Technology & Management with a DGPA of 9.59/10.

School Education

Swami Pranabananda Vidyapith

Courses

- Passed Higher Secondary Examination (2019) under WBCHSE with 62.8%
- Passed Secondary Examination (2017) under WBBSE with 59%

SKILLS

Figma

React JS

Redux

ACHIEVEMENTS

SIAB Star Performer in Capgemini (2023)

Got star performer award for Store In A Box project group for performing music in Cultural Program

Recognition Award - Capgemini (2024)

Got recognized for outstanding performance in BBI project.

Client Appreciation Award - Capgemini (2024)

Got appreciated by clients for outstanding contribution for BBI project

PERSONAL PROJECTS

Weather App (2023)

- Developed a weather app that fetches location-based weather data in real-time, displaying temperature, humidity, and weather icons using the OpenWeather API.
- Designed and styled a visually appealing user interface using Tailwind CSS, ensuring an intuitive layout and seamless user experience across devices.

Photo-Gram (2024)

- Developed "Photo-Gram," a responsive web application using React.js and Firebase for authentication and data management.
- Styled with Tailwind CSS, it includes user registration, login, and profile management functionalities.

Portfolio Project (2024)

- **UI/UX Design** : Designed the user interface and user experience in Figma, ensuring a clean, intuitive layout for the portfolio application.
- **Front-End Development** : Built the application using React JS with Tailwind CSS for responsive styling. Implemented animations with Framer Motion, GSAP, and React Splash for dynamic and engaging interactions.
- **Additional Features & Deployment** : Integrated Email JS for a functional contact form and Dialog Flow for a chatbot. Deployed the application on Netlify for easy access and smooth performance.

INVOLVED IN

Cognizant Outreach Team (2021)

Co-ordinated and volunteered with their outreach programs in various non-profit organizations to perform educational and awareness activities for underprivileged children.
